

THE GUIDE

OF STUDENT AND
ASSOCIATIVE LIFE

2024 - 2025

Hello young Lasallian,

Congratulations on passing your baccalauréat and on being selected for our school. Welcome to our great Lasallian family!

Becoming a Lasallian means acquiring quality academic knowledge to improve your skills. However, it is just as important to develop other qualities which the dynamic community life of our campus will be able to offer you; incredible and unforgettable opportunities.

Indeed, our campus is a unique place where everyone finds their place. We all come from different backgrounds, from the four corners of France and the world, united by the same ambition: to learn, grow and succeed together. You'll discover a close-knit community with shared values of commitment, mutual aid and sharing, where every student, teacher and administrative staff member will be ready to support and encourage you.

With these 83 Com's & Asso's, whatever your personality and your passions, you'll be able to find something to satisfy your desires, which will make you a fulfilled student!

That's why AGE is delighted to offer you this guide, which we have carefully compiled to introduce you to the many extra-curricular opportunities on offer on our Beauvais campus.

I am convinced that you will find a commitment that will allow you to reveal yourself and to write a beautiful page in our shared history.

Have faith in yourself and throw yourself into these wonderful human projects. It's by daring to step out of your comfort zone that you'll have the most enriching experiences and develop the skills that are essential for your future. Believe me, you'll grow and be enriched! A word of advice: Go for it, because your Lasallian years are going to fly by! Make the most of every moment and seize every opportunity!

On behalf of the entire AGE team, I wish you a wonderful first year on campus!

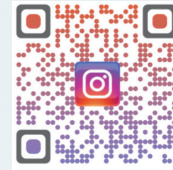

Quentin HUENTZ,
President of the AGE for the 2024-2025 term.

Com'Internationale Unilasalle

@com.internationale

Hello to you, dear new international student arriving at UniLaSalle Beauvais' campus!

First, let me introduce myself. My name is Chloé Conty-Flinois and I am the president of the Com'Internationale. Through this small text, I'm pleased to welcome you to our school where, I'm sure, you'll have a great time and an unforgettable journey.

I know you just arrived, so you might be stressed or excited, or even both at the same time! But you should know that we, the Com'Internationale, are here to help you through your time here at UniLaSalle and to make sure you have a great experience. We are a team of 14 french and international students super-motivated to be there for you! We have been working hard to organize incredible events for you: meals, activities, parties, weekends, trips, etc., that you'll discover throughout the year. Moreover, we already assigned to each of you a buddy: a French student that will be your guide and (hopefully) friend here at UniLaSalle.

Anyway, the Com'Internationale team is there for you, don't hesitate if you have any questions. We wish you an amazing stay in France!

What is the AGE?

The AGE is the General Student Association, a board of 28 Lasallians from all years and specialities, elected each year by the students to represent them before the school management. Our role is to convey the expectations and feelings of the students to the various Management Committees, to ensure harmony between the courses, community life, campus life and the students. Your opinion is a goldmine for us, so don't forget to pass it on! The office is divided into a number of sections, each of which is responsible for supporting community life, promoting campus life, communicating and managing relations with the AGE.

The AGE also works with the associations to continually improve, coordinate and energise community and campus life. Every day at lunchtime, the AGE offers a range of rental services: equipment, the Com's and Asso's kitchen, a barbecue area, discounts in many restaurants and shops, and much more!

We organise a number of major events throughout the year, including the Com's & Asso's Forum, where you can find out more about our 83 committees and associations, and the Graduation Ceremony (RDD), which is a time of jubilation for all our new graduates, all with the aim of revitalising our campus and its student life. We're used to saying that we're the town hall of this Lasallian village, so don't hesitate to come and meet us at the AGE office!

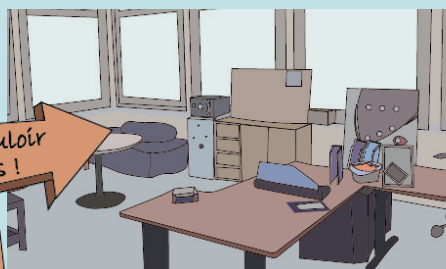

See you soon and have a great LaSallian year with us!

Your Monéo card is nominative and will be invoiced by the school in case of a renewal request.

If you accidentally lose it and someone finds it, the LaSallian mentality means that you will normally find it. A small beer by way of thanks is always welcome!

 You can install the **izly application**, which will allow you to **pay at Crous** if you don't have your card and recharge your account more easily!

Do you need to pay back a friend? Do you want to buy a pain au chocolat for breakfast in the agora? We suggest you install **Sumeria**, the **refund app**.

TO GET OFF TO A GOOD START: BE ON TOP OF YOUR NETWORKS

Still looking for a carpool to get home on Friday night? Lost your Monéo card on campus and don't know how to find it? Wondering what the theme of the next chouille will be? Fortunately, a number of Facebook pages are here to help!

So get in quick and ask to join the following Facebook groups:

For institutional information about our campus

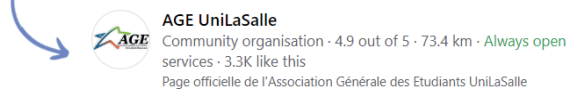

For UniLaSalle's online marketplace (which will save you more than once)

For carpooling

And don't miss out on THE page that will keep you up to date with student life!

INFORMATIONS ON THE LIBRARY

Monday to Thursday → **8am to 11pm**

Friday → **8am to 6pm**

Saturday → **9-12am and 1-4pm**

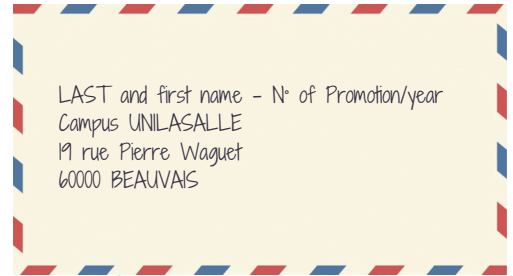

Looking to revise with your friends? Need a place to work on your group project? You can **book the co-working rooms** above the BU using the link on the "Quelques liens utiles" (Useful links) page of the AGE website.

MAIL AND PACKAGES

Mail means postman! Your class will be assigned a **class postman**. The postman will collect the letters from his class from the letterbox at the AGE and deliver them to you.

For your **packages**, go to the back of G wing, to the **logistics department**. When you receive a package, an e-mail will be sent to you so that you can come and collect it. To **send your letters**, you can also go to the logistics department, whether or not they are stamped (in which case you'll have to pay!). You can also buy stamps at the AGE office during lunch times!

To receive mail on campus, the address must be worded as follows :

The Logistics Centre is open from **10am to 12.45pm**. If you are unable to collect your package, you can give a friend authorisation to pick it up by replying to the Logistics Centre's e-mail, stating the friend's name, and asking the friend to show proof of identity (a student card is accepted).

RESERVATION FOR THE BARBECUE, THE ASSO'KITCHEN AND BORROWING EQUIPMENT FROM THE AGE

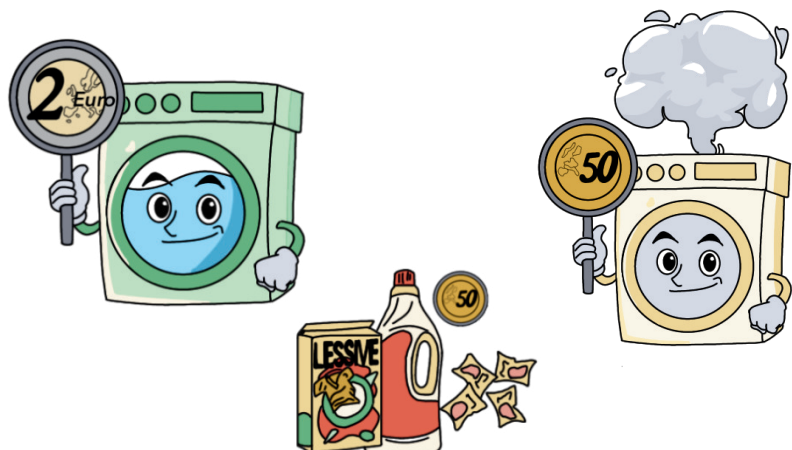

During the **lunchtime hours**, you can come and reserve equipment at the AGE, whether for an association event or a party with your friends.

We rent out **kitchen equipment** (raclette machines, croque machines, perco, chip cutters, deep fryers, pans, plates and cutlery, etc.), **electronic equipment** (projectors, extension leads, power strips, etc.) and **school equipment**, but you can also book the **barbecue area** or the **Com's and Asso's Kitchen**.

To do this, you'll need a **deposit cheque** and enough money to pay for the hire (usually less than €5).

HOUSING SERVICE

The service is open from Monday to Friday from 09:00 to 12:00 and from 13:30 to 17:00

All student are welcome. They will help you with housing, but with many other things:

- Rental of the gymnasium's tea room (200€ deposit)
- Getting the keys under deposit of different tea rooms
- Assistance with the APL file
- Assistance with daily concerns: lost keys, technical problems...
- Relay with providers from cleaning services' and laundry service
- Listening and exchange point with different associations

They guarantee good maintenance and cleanliness of buildings teamed with technical services. In this prospect, they make regular visits at the premises and contact students if necessary. They lead housing policies and projects aiming at the well being of each student.

FIRES AND SMOKE - WHAT TO DO?

The basic rules

- Do not disconnect the smoke detector from the room.
- Do not smoke in your room.
- Do not be a hero!

First steps :

Evacuate the premises and sound the alarm

"Prevention is better than cure" !

Close doors or windows to prevent draughts.

- **When the security guards are present:** call them, they will assess the risks and take the right decisions.
- **During the day:** call the reception!

DEFIBRILLATOR

1 at the Gymnasium, 1 to P5 - Fitness room, 1 at the reception of the academic building, 1 at the Agrilab - FabLab entrance, 1 at the historic farm - Grange

TECHNICAL PROBLEMS

For all non-urgent problems such as water, electricity, heating... you can make a request for intervention directly at the reception desk (by filling in the intervention request form) or on the website of the housing service (the link is available on AGE website at "useful links") and the problem will be solved within the next few days by our beloved "little blues". If the problem is more serious (collapsed ceiling, big flood, broken bed...), contact the housing service directly at service-logement@unilasalle.fr.

Logement

[Demande d'intervention. Visualiser et télécharger vos factures... : accéder...](#)

Why should I do this?

To ensure that you live in good conditions on a daily basis

To ensure good management of the premises, because it is everyone's role to prevent a Dysfunction.

This is handled every morning. For big emergencies (important water leak or other etc...) see directly with the reception. Opening hours: 8am-6pm every day of the week.

At the reception you can also renew your city bus pass.

SECURITY GUARDS

Security guards are available **Monday to Saturday from 9pm to 5am** and on **Sundays from 6pm to 2am**.

Preferably call :

MACLET Jean-Pierre : 06 30 79 49 44

But you can also call :

ALLIOUI Hamed: 06 75 69 10 27

FONGUEUSE Thierry : 06 87 32 96 31

Night-time disturbances

If there is too much noise around your room, go and see the people concerned and ask them to make less noise or to move (to the bar, for example!). If nothing changes, call the security guards!

WASTE MANAGEMENT ON CAMPUS

Where do we throw away our food waste?

Several communal compost containers have been set up on campus.

Small green bins have been placed in each kitchen, so you can use them to put your organic waste (peelings, eggshells, vegetable waste, etc.). Animal foodstuffs cannot be composted!

What about selective waste sorting?

Recycling bins are located near the Canada residence, next to the rugby pitch, opposite La Mie au Roy, in front of Les Carrières, and at the end of the west wing.

These bins are for sorting :

paper/cardboard

empty containers (cans, plastic bottles, tins, etc.)

glass

domestic waste (and plastic)

- **Batteries and ink refills** → in the bins leading to the Hall des Oiseaux.
- **Bottle caps** → in the Hall Marchand
- **Cigarette butts** → recycled in certain areas (such as in front of the foyer)
- **Light bulbs** are not collected → sorting area of the supermarket of your choice.
- **Paper bins** → in the classrooms and lecture theatres
- **Clothes** that you no longer wear → in the clothes donation bin in front of the Plaine.

BEAUVAIS AND ITS SURROUNDINGS

HOW TO GET DOWNTOWN (WITHOUT A CAR...)

Wondering how to get to the city, but don't have a car?

The C2 bus line passes right by the campus! For 1€ you get a ticket valid all day on all Beauvais lines! You can also subscribe for 8€ a month!

You can try walking to school, but it's not recommended for the return trip.

The school provides electric scooters for the more adventurous among us, and you can rent a bike from com'Bike (1€/day) !

The easiest way is to find someone in your class with a car and carpool.

18-8 PLEASURES

Ah, the first few days at UniLaSalle... Barely arrived and already immersed in the integration, the games, the meetings, the hugs... Then the first classes start, no time for nonsense, you've got to get on with it: the lecture halls, the TDs, the fieldwork, then come the first exams and the start of revision. The school fills up, campus life intensifies to the rhythm of the thrilling Thursday evening parties, and the timetable gets heavier like the Friday morning headache. You'll see, classes from 8am to 6pm aren't always easy to digest. But just as sure as after the rain comes the good weather, after classes comes the **18-8** !

The 18-8 is not just a time slot outside class, it's the ideal time to pursue your hobbies, get involved in campus community life and meet other students. Put simply, 18-8 is all about making memories of your time at UniLaSalle, with the chouilles of course!

In short, it's all well and good, but it all happens so quickly, and when you're a newcomer to UniLaSalle, it doesn't leave you much time to get your bearings... Fortunately for you, **this booklet is here to help you better understand the day-to-day life of students outside the classroom**: sports, music, various and varied activities, hobbies for some, revision for others, and above all... **THE COM'S AND ASSO'S!** These are the groups that bring together students who share the same passions and interests. We invite you to discover them in the next few pages!

INVITING EXTERNAL GUESTS

On-campus invitations are permitted, so it's easy to do:

- Send an **e-mail**
- Addressed to **G-DMVE@unilasalle.fr** and **G-Sécurité@unilasalle.fr**
- **48 hours before** the guest's arrival
- Including **surname, first name and length of guest's stay**
- **If your guest is staying on campus:** you must inform **karine.brianchon@unilasalle.fr** (Accommodation and Guest Services Manager) by e-mail, giving your room number.
- **When guests arrive:** they must report to the security guards as soon as they arrive at 9pm, at their desk in the reception area.

Compliance with this rule will prevent any problems or expulsion from the campus.

THE RELAXATION ROOM

Dear LaSallien, as the saying goes, "after effort comes comfort", the relaxation room is one of the ways to unwind after class. In the process of being revitalized, you'll find: sofas, table footballs, mangas... All this equipment is available to you every day of the week, 7 days a week, 24 hours a day. As an AGE member, all this belongs to you and all the students at the school! We kindly ask you to keep this area tidy. Please don't eat or drink inside (the bar or chill-out area is much more appropriate), and as a place to relax is a place to be quiet, we're counting on you to keep the atmosphere relaxed.

THE FOYER

The foyer is at the heart of campus life at Beauvais, From year 1 to year 5, you'll have an unforgettable time here, Both on a day-to-day basis and at the parties organised there.

However, to ensure that everything goes as smoothly as possible, there are a few **RULES OF GOOD CONDUCT** that you should follow from the moment you arrive:

When you order at the counter, but also when you are called to order :
You will respect the volunteer team who look after the Foyer,

Thou shalt respect the cleanliness of the premises and the campus:
Thou shalt take care to keep the premises and the campus clean,

Thou shalt return bottles that thou mayest consume to the counter,

The furniture and equipment in the foyer (pétanque, card mats) that you can borrow are subject to a law that everyone knows, but that some people find hard to understand:
what you have moved you will put back in its place,

Lastly, you'll discover that the hostel offers you a very varied menu in terms of brewing culture (strong alcohol is forbidden), so there's no need to bring your own booze if you want to have a good time!

We'll also be waiting for you every lunchtime to chat over a cup of coffee or tea,

The Com' Foyer team

THE CHOUILLE POUR LES NULS

Here you are, taking your first steps into your new school and your new family. It's something to be proud of! As in all families, a certain number of values and customs are conveyed! Because pictures speak louder than words, here are 2 photos that illustrate the message we want to get across to you:

Quentin from 8am to 6pm

Quentin from 6pm to 8am

Take Quentin for example: Quentin is a LaSallian student. In class, Quentin is someone who raises his hand, who doesn't always know the right answer, but who learns, and who, in the end, passes his exams like everyone else and manages to pass his modules. What does Quentin do on Thursday evenings?

Quentin reserves his Thursday evening for partying. To do this, he finds out about the theme of the day's party and then makes his costume! Quentin knows that costumes play an important role in chouille, because Quentin is a true LaSallian.

On a more serious note, young student, you're arriving at a school full of traditions, one of which is to come to chouille dressed as you should, so have fun! We're counting on you, on your dynamism and your open-mindedness, to make this tradition (among many others) flourish. These traditions are very important to us and you will have the opportunity to discover them throughout your time at UniLaSalle.

COM'S & ASSO'S

WHAT IS IT ?

In simple terms, the Commissions and Associations are student groups that enable us to make campus life more dynamic while doing what we love. There's something for everyone and every taste: sport, music, painting, organising an event, carrying out a humanitarian project, learning about the business world... In short, there's something for everyone. And with **over 80 Commissions and Associations** on campus, you're bound to be spoilt for choice!

Some are relaxing, others give us a sense of responsibility, and if you look hard enough it's not unusual to come across one or two atypical, original or even strange committees...

The important thing is that there's something for everyone. And if, by some misfortune, you think that this school is seriously lacking an underwater curling team, no problem, new committees are created every year!

COM OR ASSO ? THAT'S THE QUESTION ...

It's not always easy to distinguish between a Commission and an Association, especially when you've just arrived at UniLaSalle. In fact, the two are very similar... Here are a few explanations:

COM	ASSO
<ul style="list-style-type: none">✓ Dependent (financially and administratively) on the AGE, BDS or BDA✗ Official status	<ul style="list-style-type: none">✓ Declaration to the prefecture with official documents for its creation and transfers✓ Financial independence✓ Association representatives placed under legal responsibility

I WANT TO GET INVOLVED !

Joining a Com's or Asso's means :

- taking advantage of the activities it offers,
- contributing to the running and development of the organisation,
- developing new skills, such as organising events and meetings, improving your communication skills, managing a team and so much more!
- meet new people with the same interests as you,
- THE "added value" of UniLaSalle

But how do you find the right Com's or Asso's for you? How do you get in? In what year? Who do I contact? So to find out everything, book your **Tuesday 1 October** and join us at **the Com's and Asso's Forum in the Agora!**

THE COM'S AND ASSO'S EMPLOYMENT WEBSITE

Are you looking for a new Com's or Asso's? Do you want to discover new activities and join a motivated team? Look no further than the **Com's and Asso's Job Portal** to find out which Com's and Asso's are recruiting.

You're sure to find what you're looking for in the AGE, BDA, BDS or Associations committees. Don't hesitate to send them a message if you're interested in a job and become part of the UniLaSalle Beauvais community. You can find the list of Com's that are recruiting **at the beginning of each AGE weekly email** and on the AGE website.

Made up of all the students on campus, the chaplaincy is open to everyone, whether you are a Christian, a non-believer or a confirmed believer.

The chaplaincy is run by 12 highly-motivated students and volunteer "little yellows" who are committed to bringing God to the campus.

The year begins with the famous Chaplaincy Walk, a festive, convivial and spiritual event. Throughout the year, you'll also find plenty to feed your thirst for God, including worship, the Even course, ref dinners and Thursday evening mass. Chaplaincy is THE place to meet people and ask questions together to help you grow.

To round off the year, we organise the chaplaincy's méchoui, a festive event that brings all the students together for a good meal.

Last but not least, the chapel is open to all 24 hours a day, so you can worship at the feet of Christ, who is really there!

The aim of the Com' Marché is to encourage the consumption of local products at low prices on campus. Our committee is present and active at UniLaSalle with regular activities: selling bread and pastries one day a week and distributing baskets of fruit and vegetables every 2 weeks. Our aim in offering this range of services is to meet the needs of Lassalle students in a friendly, welcoming atmosphere at low prices! In this way, we are making reasonable, healthy and tasty food accessible to everyone, while giving everyone the chance to enjoy themselves without even leaving the campus! This year, we've expanded our range to include dairy products, cheese, soups, honey and apple juice. Cheese and yoghurt fans will also be satisfied! We also organise 4 markets a year (in Autumn, at Christmas, at the end of Winter and in Spring) which bring together local producers and craftspeople and are intended to be real moments of togetherness, encounters and discoveries. Today, there are more than 25 motivated students involved in the Com'Marché. With a new grocery shop project up and running this year, we're looking forward to growing even further!

- Allow all students, project leaders or not, to develop their skills in various fields (electronics, 3D printing, laser cutting, rapid prototyping, etc.)
- Create a community of interested people and promote the entrepreneurial approach
- Allow curious students to carry out stimulating projects

Concretely, our functions are:

- Connect students with people who can guide them, impart knowledge and help them develop skills in various fields
- Organise events and challenges related to innovation and entrepreneurship
- Allow everyone to easily access the tools made available to students by AgriLab, the GeoLab and UniLaSalle's entrepreneurship cluster.
- Connect project leaders and skills holders to actively participate in the realization of innovative projects

The only rule? Give way to your creativity and your desires.

The Sainte-Barbe is an event to celebrate the Patron Saint of risky trades, which has extended to geologists. The office organizes the day of Friday (trivialized for Géol), from the opening ceremony to the chouille. This tradition brings together all the students of Geology and BGE of each year: 8 promotions and more than 300 students, not counting the professors of the college Geosciences. It revolves around a ceremony, animations throughout the day, chariot parades, a costume contest... So if you are a geologist, mark the date of November 29, 2024 in red on your calendar!

Jeux De Cristal Unilasalle

The Jeux de Cristal is an association composed of 56 people who during a year, organize a week of conviviality, sportiness to bring together each promo. During the year, after-work parties, chouilles or unveilings will be at the rendezvous to better prepare the week of the JDC. Indeed during this one, every evening after the lessons that we are in AGRO, CARES, STAR, GEOL everyone is welcome to participate in sports or come to encourage its promotion! This beautiful week centered around sport, respect and kindness ends with a meal and then a chouille on Friday evening.

SAINT ÉLOI & SAINTE MARTHE

The St-Éloi and Ste-Marthe are organized to welcome on campus the AGRO and FOOD promotions graduated 5 years ago. Round tables led by Alumni are organized for students in the afternoon. The various sectors of activity (e.g. plant breeding-seeds, agri-food processing, etc.) and cross-cutting themes (e.g. digital, entrepreneurship, etc.) are discussed. Then, games and a dinner are organized by the 1A. Finally, like any LaSallien event worthy of the name, the evening ends with a treat. This event is organized by AGE and Com'Alumni with the help of 1A students. This can be your first associative experience and a great opportunity to meet the Alumni and discover the organization of a LaSallien event.

The Mid-Study celebrates half of the student training at UniLaSalle. After a long break with the GoLaSalle, this event allows you to meet, remember the good times and celebrate everything that has been built here and that describes the charm so characteristic of this school. It includes a secret ceremony, a cocktail with appetizers and drinks, an animated dinner, followed by a release of lanterns symbolizing the past two and a half years. The day ends with a party, marking the return of the students among their friends and relatives.

Promotion Council

Maybe you feel a little lost in the middle of this large, lively and diverse campus. The courses begin and you feel the need to have a referent for monitoring and the link with the teaching team. Don't worry, we have the solution for you: the Promotion council (BDP)!

What is a Promotion Council?

Imagine a team of 10 highly motivated students whose mission is to create a spirit of cohesion and dynamism within your promotion. These students are not only leaders, they are also your referents, your event organizers, and above all, your friends!

Why join a Promotion Council?

- Be at the heart of the action: By joining a BDP, you become a key player in the life of your promotion. You will be the one who animates, who organizes, who makes every student feel good and integrated.
- Develop valuable skills: Project management, leadership, communication... The skills you will develop within the BDP will be useful beyond your academic background.
- Create unforgettable memories: The events you organize and the moments shared with your promo will remain engraved in your memory. Whether Jacquelines, WEP, or collective projects, you will be at the heart of these highlights.

Damien NEOUZE

Président de la promotion Géol 088 lors de sa 2ème année

The BDP is a group of 10 students that aims to unify the promotion and ensure that everyone finds their place and feels well integrated. Its mission is also to represent the promotion in front of the teachers and to make the link with the associations of the school like the AGE. I joined the BDP's large office in my first year, then I decided to create my own office with my VP Paulin. Being in a BDP is a very nice mission in the service of its promotion, it is also an incredible experience that allows to meet people, organize events and develop full of skills!

François JONARD

Président de la promotion 023 lors de sa 3ème année

I did not participate much in the associative activities of my promotion during my first two years at UniLaSalle. However, it was after watching some of my friends join the promotion office in 2nd year and committing with the Mid-Study that I realized how rewarding the associative commitments were, from a personal and collective point of view. So, it was during a rather light academic GoLaSalle that I decided to accept Marion's proposal to become president and help her set up a promotion office for the 3rd year. A promotion office is many things: a group of 10 people best representing its promotion, an intermediary between students and the academic and administrative body of the school, a perpetual commitment requiring rigor and involvement throughout the year, but above all a unique experience that puts you at the heart of your promotion and its members. For me, it is important to understand that, although you give a lot of your time to your promotion, it will give you back a hundredfold! Nothing is more rewarding than having your promotion involved and federated, so get started!

Louise VANTHUYNE

Présidente à vie de la promotion 164

BDP as a promotion office or goodwill, dynamic and projects!

The promo office is above all a team of 10 people who must be the driving force of the proper functioning and the spirit of promotion throughout the mandate. I decided to embark on the adventure in 5th year to finish my studies on a beautiful last experience but also and especially for life. What could be better than to be the driving force of the meetings to come for the people who accompanied me during these years so important and rich in emotions.

I think it makes a lot of sense to invest in your class. First, they are people who share your daily life, with whom you grow up, you build friendships, memories. Secondly, it's the people who will be there, from your arrival at school until your exit. In my case, I always said to myself «I hope that at the end of our studies, our promotion will be able to find itself as before» and it is by discussing with a friend who told me «Louise if it is one of your wishes you just have to go to be actor of these moments all together» that the office was created. Then, it is a very interesting commitment because you are free to do many things: organize promotional events that bond very strong, but also help those who are more struggling not to let go.

It is, in my opinion, an experience where you can set yourself personal goals as well as form a very good group of friends. The missions are diverse, there is an academic and relational part with the management and teachers but also event.

It will also be up to you to take care of the promotional clothes, to participate in the organization of the major stages of your Lasallian life (and believe me, you will appreciate these moments even more)!

So to keep your promotion alive, to unify a group and to have fun personally do not hesitate this is the experience you need!

La Com'Rando is always there to organize great hikes around Beauvais. So if you like to organize hikes or just walk, do not hesitate to join the Com and follow us on the networks to not miss our next event!

Alim/Food/Cares/Star : Refers to a category of students who do not themselves know in which sector they are in. Composed mainly of Parisians and Parisians. They came here because they liked rabbits but do not ask them what a heifer, a rotation or a Manitou, they will not know.

Bicas: [4th year] Period during which LaSallien begins to take itself seriously. For more than 3 years he has been walking around the four corners of the bar, which he has already tasted 100 times all the beers. He then realizes that the world of work is fast approaching. A real reflection is made: "I'm too old for this bullshit." Surely invested in one of the two biggest events of the school: The Ovalies or the Gala, it ends up taking the big head: «No but you can not understand, I am in the Ovalies, it is a huge job...». Some say he has lost his mind, others think he has become "boring". Still, bicas will not lose its sense of celebration.

Bizuth: [1st year] Characterizes an innocent, shy, with a good face. In short, the kind of pet everyone wants to adopt. The newbie is like an ex-fetus who has just been born (see definition Fetus). Eyes wide apart, he discovers the student world, drink, midterms, campus, ... There are however 2 types of bizuth: the good bizuth and the rebellious bizuth. The good weirdo is the type to bring you coffee in the early morning in your bed, he buys you beers at the bar and smiles when we make him a fog. The rebellious weirdo is the type to complain. Driven by a feeling of injustice in relation to his treatment, he will try to spill the coffee in your mouth and will even make you mists for some fiery. Ah, we regret this sweet time when this kind of energy ended at the bottom of the pond (see definition Mare).

Brouillard (Fog): The action of spitting a sip of beer in the face of a LaSallien (or not). Long considered an effective deterrent, fog tends to become a true LaSallien art. Fully integrated into the campus nightlife, a recent study found it to be the leading cause of wasted drinks at the bar. But make no mistake, it is also the most effective and peaceful way to resolve a conflict.

Caillou or Géol: Characterizes a person who is a miner. The kind to bring back more stones than conquests at home. He is also a bit of the gold digger of modern times. Marveling at the slightest brick, he spends much of his free time caressing his pebbles by whispering sweet words to them. You'll see him walking down the halls with his helmet and his hammer. It's the geology students, of course.

Canada: Characterizes the wooden residences next to the parking lot with the same name. No, this is not the experimental chicken coop of the school, this is where a large part of the newbies live. In their 9m2, they try somehow to keep humidity acceptable, or rather viable. Its demolition was planned 2, 6, 10, 13, 20 years ago, but archaeological discoveries on the site delayed the work by 7, 14, 35 years. We should therefore normally see the first mass for ~~the Year Mil, the 98 World Cup, the 2024 Olympics,~~ the first Man on March.

Square: [2nd year] State of adolescence of a student LaSallien. After a year of ignorance and submission, the square finds itself in full internal rebellion and search for identity. Trying to assert himself by crushing the bizuth, he tries to prove something. But what? Maybe just to show that he's not that once-chastised weirdo anymore.

Chouille: A term for the wild evenings at the bar of our dear school. Of course, a single term would not be enough to describe such a general and recurring thing. Indeed, each chouille is unique and it is sometimes difficult to define the boundary between a good chouille and a bad chouille, especially when students have memory as empty as an écocup after a connemara. There are pleasant, sentimental, violent, high, meetings, flirting, which we regret, that we forget, SAM, totem, nostalgic, fogs, Monday, ... And there is only one golden rule: For a chouille to be successful, it must be with friends.

Connemara: Wild song resounding throughout the bar and announcing the end of the battle. It is usually during this period that the cleaning of the floor is carried out by the falls of some damaged animals.

Cube: [3rd year] Particular period of the life of a LaSallien. After 2 years of living in residences doing ventriglisses in the corridors and illegal afters in the rooms, the cube often decides to expatriate in colloc. Previously, the cube came back from 4 months of internship in an English-speaking country. Speaking (almost) the «current English», he only watched his series in English and even practiced fluently Franglais. Now the cube lives only half its year on campus. Indeed, in the first semester, he leaves or will go on a «study» stay in the tropics to improve his level of Spanish. Goude leuk wiz ze TOIEC.

“Agro” is added to “Cul-terreux ou Cut”: Member of the sector of the same name. Brings great importance to his outfit: waxed boots, sleeveless down jacket, Vichy shirt, leather satchel. His tactlessness and ability to cut sausage is matched only by his passion for tractors and the price of a hundredth of wheat.

DMVE: Ten Months Towards Employment social reintegration platform allowing misunderstood people to regain self-confidence. For this, the DMVE allows them to express a little authority on young students distraught. Training in sending unwanted emails included.

EVB: [Burial of Life of Bizuth] initiative launched by Rat'llye bertin, friendly afternoon, involving mainly alcohol, a tarp and friends with the aim of convincing the first years that they broke their chains of disgusting little newbies (see definition Bizuth).

Fetus or Tus: refers to a person whose frequency of presence in the evening is often proportional to his ranking in the promo. Antonym of the word chouillard.

Jacqueline: It is a fruity cocktail, sweet, for moments of conviviality based on white wine. Product to be taken with extreme caution because the smell of alcohol is inhibited. Be careful, it is not because you do not smell alcohol that there is none! Its small price added to that, it is the kind of drink that makes havoc at the aperitif.

Lumières (Lights): We're not allowed to talk about it.

Moodle replaces “Claroline”: “Pedagogical” platform to replace the centenary Claroline. You will find your courses there, or never find them. This depends on your teachers, who will sometimes have fun hiding them through a jumble of sub-folders, or not putting them at all.

Pale: A feminine term characterizing an activity whose name should not be pronounced, especially in the evening. This is the moment when we regret having missed the chouille of the day before, or on the contrary to have enjoyed a little too much. Presented most often in the form of short questions, it can also be an essay, or even worse, a multiple choice with negative points.

Godfather/Godmother: Venerable people who will have to pay beer up to the majority of the pledge and sometimes, very anecdotally, help him in class. The pledges owe them total and absolute obedience. However, this relationship should never be more than friendly under penalty of banishment by the rest of the Lasallian population.

Penta: [5th year] Pre-retirement period of a LaSallien. Recalling his beautiful years on campus, the penta is a melancholic being, with a sad look, powerless in the face of passing time. He is in the middle of a crisis in his fifties. He sometimes acts in an incomprehensible, even violent way. You will also often see him misting for no reason to young innocent newbies (cf penta relou). Finally, the penta is misunderstood by all. Looking to find a reason to stay, he will try somehow to miss the TOEIC to afford an extra year.

Penta Relou: This is a sub population of particularly aggressive Pentas and pouring their hatred on the bizuths. Often attacking in packs, the level of rage expressed is proportional to the school time they have before their graduation memory.

Petit bleu (Little blue): Characterizes the staff of the school in charge of repairing the damage after-chouille. He often uses his position as a pretext for revenge. Indeed, it happens to simulate a water leak simply for the pleasure of waking us in the early morning.

Rattrapages (retest): Refers to a friendly moment when all students who have not validated their midterms meet to take some tests. This sweet mix of stress, bitterness and photos of your friends already on holiday fills you with a deep sense of regret. «Why I didn't fuck up in the first half...» But in the end denial and resentment will outweigh your pain: «At least I would have enjoyed my young years, ME».

Accommodation Service: Really friendly group of people, but a bit touchy, working very hard to accommodate all the LaSallians in the buildings. It is better to have them in your pocket to avoid ending up without heating in winter.

SHREUE : Emblematic place of the great Picardy restoration. Victim of its success, this starred restaurant has a demand much higher than its capacity. To taste these delicious dishes such as bulgur – mashed potatoes – sausages, or fried vegetables harvested in the early morning, you will have to survive a long and thick tail (without misinterpretation of course) and play your elbows.

TOEIC : Iz it véri importante tou spécifaye ouatte iz ze TOEIC ?

Ventriglisse: Activity of any season and any place. Characterizes the action of throwing oneself on a slippery floor (often with soap and water but there is no precise rule). The goal is to make the most spectacular slide. A stylish dive is more than recommended. This activity proved to be a useful way to wash the bar after a chouille.

Vigil: Refers to an individual with strong moral values, punctual, athletic, who does not drink. However, this does not make him a fetus, quite the contrary. The watchman does not miss a thing. Curious about nature, he likes to walk in the evening around 9:30 pm around the residences.

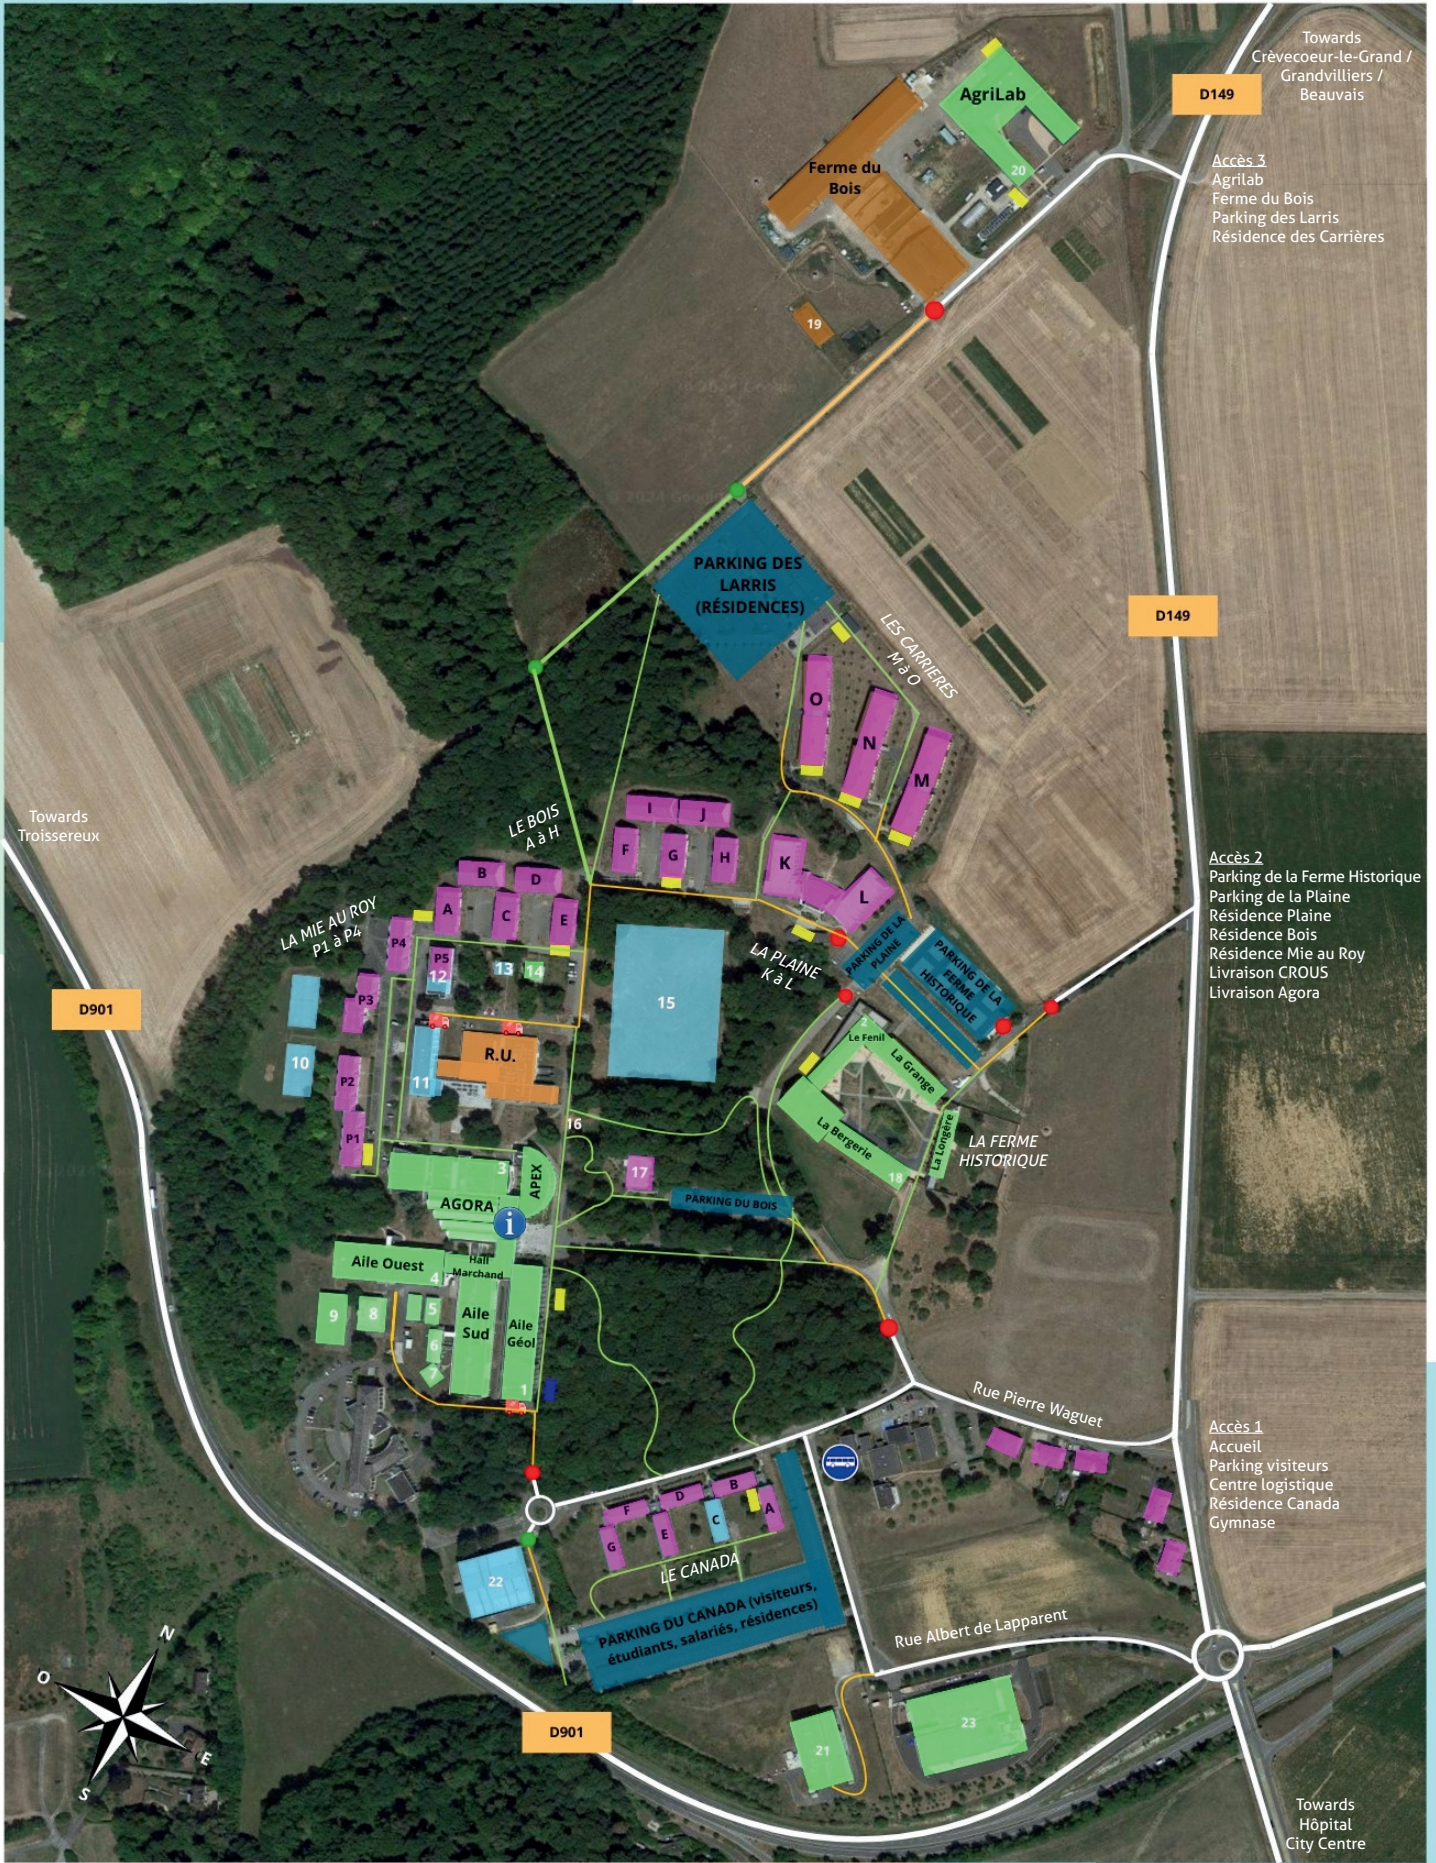

24h: Chouille on a duration of 24h organized for and by the pentas. For them, it is a mixture of joy, nostalgia, sadness and intoxication. For others, it will be mostly intoxication. It is considered for many as THE last darling of the student life of a LaSallien. However this does not prevent some nostalgic to return for some occasions.
