

MASTÈRE SPÉCIALISÉ[®]

ADVANCED MASTER OF EQUINE SCIENCE & BUSINESS

**1-YEAR
POST-GRAD
PROGRAM**

(MS MESB)

UniLaSalle
Rouen

**TOMORROW
STARTS HERE**

INTRODUCTION

The MS MESB program trains **generalist multiskilled managers in the equine industry**. Experts in structuring and developing the business in France and internationally, students acquire a comprehensive view of the horse environment through:

- Targeted courses
- Collaborative projects
- Professional tours
- International learning trip

A 4 to 6 months internship enables the acquisition of applied knowledge in a real-life professional context.

The MS MESB program, previously run by the Institut Agro of Dijon, is now run by **UniLaSalle & supported by Hippolia**. This collaboration combines the experience, networks and academic and research expertise of UniLaSalle and the competitive cluster.

➤ **THE ONLY POST-GRAD MASTER PROGRAM IN FRANCE DEDICATED TO THE EQUINE INDUSTRY**

➤ **DEVELOP YOUR NETWORK WITH A PROGRAM MADE BY AND FOR PROFESSIONALS**

ENTERING THE JOB MARKET

Graduates of this MS are likely to work in the **horse racing industry (40%), equestrian sports (25%) and in support of the industry in areas such as research, equipment, nutrition and breeding (35%)**.

Post-graduation integration

60%
are hired following the internship

90%
are employed in the industry within 6 months

62%
work internationally

WHAT IS AN ADVANCED-MASTER PROGRAM (MASTÈRE SPÉCIALISÉ®)?

A 1-year post-graduate master program accredited by the *Conférence des Grandes Ecoles (CGE)*. It is both a label awarded by the CGE, which ensures excellence and readability at international level, and a UniLaSalle diploma.
